## Required Courses

Your individualized major plan of study will consist of at least 36 credits of 2000-level or higher courses, 18 of which must be from the college granting your degree, and must include the following:

### Research Methods Course

A research methods course will introduce you to how knowledge is produced and evaluated in a particular discipline. Choose one from an academic department that is integral to your major. Some examples include: COMM 3000Q, PSYC 2100WQ, HDFS 2004W or SOCI 3201.

### Capstone
